

# **Swedish multifunctional energy storage power supply customization**

## Overview

---

What is the largest battery energy storage system in Sweden?

Named Isbillen Power Reserve, the 1-hour duration Battery Energy Storage System project will be the largest in Sweden and the largest in the Nordics by megawatt (MW) power. The largest by megawatt-hours energy capacity in the Nordics will be a 2-hour project in Finland that Neoen recently started building.

When will a battery energy storage system be built in Sweden?

Construction has begun on Sweden's largest Battery Energy Storage System (BESS) undertaken by Neoen, an Independent Power Producer and Nidec, a system integrator. The project has been projected to come online in early 2025. Neoen is headquartered in Paris.

What is Sweden's largest energy storage investment?

Sweden's largest energy storage investment, totaling 211 MW, goes live, combining 14 sites. 14 large-scale battery storage systems (BESS) have come online in Sweden to deploy 211 MW / 211 MWh into the region.

Who is responsible for Sweden's energy grid connection?

At the time, Sweden's Minister of Climate and Environment, Romina Pourmokhtari, was responsible for overseeing the grid connection. In comments at the ceremony, Pourmokhtari said, 'It is a great honour to launch the largest investment in energy storage in the Nordics, with 211 MW of electricity currently connected to the grid.'

## Swedish multifunctional energy storage power supply customization

---

Alfen battery systems stabilise energy supply in Sweden as ...

Oct 22, 2024 · As Sweden accelerates its transition to renewable energy, Ellevio is heavily investing in large-scale battery parks to stabilise the electricity supply and support the ...
