

# Switzerland Zurich Construction Energy Storage Project

## Overview

---

Which energy storage projects have been commissioned in Switzerland?

Axpo commissioned its BESS in February this year while utility Thurplus commissioned a 3MW system in September last year. But Switzerland was the location for one of the largest energy storage projects commissioned in recent years, a 20GWh pumped hydro energy storage (PHES) unit which started operations in June 2022 in the Canton of Valais.

What is the future of electricity storage in Switzerland?

One important pillar of this strategy is the further development of electricity storage capacity in Switzerland. In the next years, three large-scale pumped hydro storage power plants will be connected to the grid. The first, the Limmern pumped storage plant (1 GW), should become operational in 2016.

Where is the largest battery storage system in Switzerland?

In Kappel, in the canton of Solothurn, one of the largest battery storage systems in Switzerland is currently under construction, with a total capacity of 65 megawatt-hours. The successful delivery of all system components marks a key milestone on the path to commissioning. Primeo Energie will use our storage system to provide energy flexibility.

Does Switzerland's new large-scale battery support the Energy Strategy 2050?

The new large-scale battery for Switzerland in Kappel supports the Energy Strategy 2050 and supports renewable energies.

## Switzerland Zurich Construction Energy Storage Project

---

The world's largest flow battery energy storage system is ...

Jun 2, 2025 · In the Swiss town of Laufenburg, at the junction of the borders of Switzerland, Germany, and France, construction has begun on one of the most ambitious energy projects ...

---

Switzerland: EWS and MW Storage expand battery unit to ...

May 29, 2024 · The project in Ingenbohl, Switzerland. Image: EWS AG. Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system ...

---

Swiss Zurich Power Plant Energy Storage Project ...

SunContainer Innovations - As Switzerland accelerates its transition to clean energy, the Zurich Power Plant Energy Storage Project stands at the forefront of innovation. This article explores ...

---

Shaping a sustainable energy future o ETH ...

The new professorship "Electrical Energy Storage Systems" seeks to develop advanced storage technologies that will enable a reliable and sustainable ...

---

Demand for energy storage in Switzerland , ZHAW Zurich ...

The study examines the need and role of energy storage in Switzerland for the years 2035 and 2050. It considers various types of storage -- electricity, heat, and gas/liquid storage -- and ...

---

Large-scale battery for Switzerland: 65 megawatt hours of ...

We're excited to take an important step in Switzerland's energy transition together with Primeo Energie. In Kappel, in the canton of Solothurn, one of the largest battery storage systems in ...

---

New energy center: Zurich Airport launches central project to

On Tuesday, Zurich Airport Ltd. began the construction of a new energy center -- a key project in the company's climate protection strategy. Together with a seasonal energy storage system in ...

---

Shaping a sustainable energy future o ETH Zürich Foundation

The new professorship "Electrical Energy Storage Systems" seeks to develop advanced storage technologies that will enable a reliable and sustainable energy supply. On the one hand, we ...

---

Switzerland's EUR2 Billion Energy Storage Project: Powering the ...

Jun 4, 2025 · But with Switzerland's track record in balancing ecology and innovation, this could set new standards for sustainable energy storage. As European countries scramble to meet ...

---

Switzerland: EWS and MW Storage expand ...

May 29, 2024 · The project in Ingenbohl, Switzerland. Image: EWS AG. Utility EWS AG and developer MW Storage have completed the expansion of a ...

---

Energy storage innovation in Switzerland: a potential to ...

Aug 10, 2016 · For the first time, a pilot project called Alacaes is developing a new system that stores electricity in the form of compressed air in the Swiss Alps, with the support of the Swiss ...

---

Case note Battery energy storage PCS solution for EKZ, ...

Mar 15, 2024 · Battery energy storage PCS solution for EKZ, one of Switzerland's largest energy companies BESS 1 MW / 250 kWh PCS solution at the Dietikon Power Plant in Zurich, ...

---

Energy storage innovation in Switzerland: a ...

Aug 10, 2016 · For the first time, a pilot project called Alacaes is developing a new system that stores electricity in the form of compressed air in the ...
