UK Manchester Super Large Cylindrical solar container lithium battery

Overview

What is Sunway ESS battery energy storage system (BESS)?

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects.

What is commercial solar battery storage?

Commercial solar battery storage systems let you store excess solar energy generated during the day and use it later—whether that's during evening peaks, grid outages, or periods of high electricity prices. This approach, known as solar time-shifting, can dramatically reduce your energy bills and increase your site's resilience.

Why are UK businesses turning to solar power paired with battery storage?

As energy prices fluctuate and sustainability becomes a top priority, more and more UK businesses are turning to solar power paired with battery storage to cut costs, reduce carbon emissions, and gain greater energy independence.

Does Cardiff racing have a battery storage system?

Cardiff Racing, the university's team and the first British winners of FSUK in 2017, recently made the move to electric vehicles. To support this transition, they approached S Jones Containers to create a secure on-campus solution for storing and charging their batteries. [Read Case Study](#)
