

# **What are the outdoor power supplies in Azerbaijan**

## Overview

---

In Azerbaijan, types C and F are the official standards. Like almost all Continental European countries, Azerbaijan has standardized on the German plug and socket system. How many types of power plugs are there in Azerbaijan?

In Azerbaijan, there are two main types of power plugs and outlets: Type C and Type F. Type C: Type C plugs have two round prongs on either side of the plug, commonly known as Euro plugs. Mostly used in Europe, South America, and Africa. Type C outlets can be fit with either Type E or Type F plugs.

Are there electrical outlets in Azerbaijan?

No, the electrical outlets in Azerbaijan are different from those in the United States. In Azerbaijan electrical outlets of types C & F are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Azerbaijan?

The electrical outlets and power plugs in Azerbaijan are of types C & F (see images).

Which plug type is best for Azerbaijan?

Despite being bulkier than the Europlug, plug type F is a widely used and reliable option for those traveling or living in the regions where it's used. Ensure your devices have compatible plugs or bring an appropriate power adapter to use them in Azerbaijan. Power Adapter for Azerbaijan?

.

Which plug sockets can be used in Azerbaijan?

Type C and type E plugs can also be used thanks to their compatibility with type F sockets. Typically, type C plug sockets are not allowed to be installed in Azerbaijan: these outlets are not earthed and are therefore considered dangerous. Only type F power points are permitted because they are

grounded and therefore significantly safer.
