

# Wholesale bess storage system in Malta

## Overview

---

Will Malta develop a battery energy storage system?

The government has received 16 offers for the development of Malta's first large-scale utility battery energy storage systems, Minister for the Environment, Energy and Public Cleanliness Miriam Dalli told The Malta Independent.

What is a battery energy storage system (BESS)?

Interconnect Malta Ltd. (ICM) has been entrusted the responsibility to implement two Battery Energy Storage Systems (BESS) to be connected to the Maltese National electric grid network. BESS is essentially a group of large batteries configured to store and dispatch electrical energy with very fast response when required.

What is a Bess system?

The BESS systems will enable the storage of surplus energy generated by photovoltaic panels during periods of low demand. This stored energy will then be used when demand peaks, helping to maintain the stability of Malta's electrical grid.

Why is the Bess project important for Malta?

Interconnect Malta divisional manager Joseph Vassallo said the BESS project was an important milestone for Malta as it would contribute to modernise its distribution network with the installation of large power-electronic converters connected to Malta's 33kV system for energy conversion and flexibility services.

## Wholesale bess storage system in Malta

---

16 offers made for development of Malta's

Apr 21, 2025 · Interconnect Malta had launched the procurement process for the design and construction of two utility-scale Battery Energy Storage ...

---

Metis Energy Equipment Supplied In Malta

Battery energy storage systems (BESS) are increasingly vital in modern power grids and industrial applications, offering enhanced energy reliability, efficiency, and sustainability. METIS Power ...

---

InterConnect Malta announces launch of tenders for the ...

Nov 29, 2024 · InterConnect Malta has announced the launch of tenders for the design and construction of two large-scale Battery Energy Storage Systems (BESS). This initiative ...

---

Wholesale bess storage system in Malta

What is a Bess energy storage system?We offer energy storage systems of 50kWh~1MWh, used for commercial and industrial applications. BESS provides a wide range of technical, ...
